

Luxury Canine Boarding

Our luxury boarding suites are a special part of our boarding facility. They have been designed and decorated to have a cheerful and fun atmosphere for your loved ones while they stay with us. Each climate controlled indoor run provides a memory foam pad with comfortable raised bedding, televisions, and TLC.

The spacious luxury suites provide enough room for dogs to stay together. Three small dogs less than 20 pounds or two large dogs can stay in the same suite. Each family is divided by privacy walls with windowed doors on each suite.

The Online Doggy Web Cam System in our luxury suites can give you the assurance that your pet is being cared for in a loving and professional environment.

We understand your pet is an important part of your family and whether you are leaving for an extended period of time or leaving them to play for the day, we can assure you that your pet is being cared for in the proper manner. Your pet will be let out to play 4 times a day and will receive a complimentary bath after a three night stay.

Let's Get Social

Group playtime and socialization included if requested

Boarding during holidays: We require a \$60.00 non-refundable deposit that will be applied towards your boarding invoice. If you must cancel, please give us 3 days notice. The deposit will then be applied towards future services. If less than 3 days notice is given, the fee will be forfeited as there is no guarantee we can fill your spot so close to the holiday.

Drop off and pick up

We request that our boarders are brought in no later than 5:15 pm on weekdays, 2:30pm on weekends. When admitting your pet, please allow us at least 10 minutes of your time to be sure the appropriate information is submitted on the boarding consent form.

On the boarding form, you can indicate what services you would like to have performed, including examinations, grooming, and surgical services.

Pets that are not picked up by closing time (5:15pm weekdays, 2:30pm weekends) will board another night for an additional charge.

Feline Boarding

Our feline facility is separate from our canine boarding so that all of our kitty boarders feel right at home. Each cat is provided their own spacious kennel with a napping perch so they can do what they do best - Relax!! A large "cat-tree" is also provided for extra stretching time in the sun.

Harden Ranch Veterinary Hospital provides luxurious bedding and we can accommodate up to two cats from the same family in one kennel.

Port-holes between kennels are available if more space is needed and available.
